

Transforming Lives

The Shelter's Quarterly Program Update July - September 2018

Did You Know?

The Shelter serves all of Collier County, FL, the second largest county in the State, providing services to children, women, men and their pets from Naples, Immokalee, Marco Island and all points in-between.

For the first quarter of fiscal year 2018 - 2019, your support has helped The Shelter:

- Provide 3,975 shelter bed-nights in our Beau Venturi Home residential shelter
- Offer 214 nights of safety for 9 pets in our on-site kennel
- Provide 3,447 hours of supportive services to children and adults
- Answer 402 calls to our confidential 24-hour crisis line (239.775.1101/TTY 239.775.4265)
- Develop 2,787 safety plans
- Offer 1,696 bed-nights in our four Transitional Housing cottages

In an effort **to prevent** abuse before it begins, **to protect** victims of domestic violence and human trafficking, and **to prevail** over violence in our homes, neighborhoods and community, The Shelter offers an array of life-transforming programs including:

Emergency Shelter

Victims of family violence and human trafficking along with their pets, find safety in our progressive 60-bed residential shelter complete with on-site kennel. While residing in our highly-secure Beau Venturi Home, survivors work at establishing personal empowerment through an array of life-transforming programs and services, such as safety planning, service management, counseling and more. This quarter, 175 individuals were sheltered, including 81 adults, 94 children, and their 9 pets.

Transitional Living Program (TLP)

The TLP currently features seven cottages that opened (with four cottages) in 2008. The program was designed to provide a more thorough evolutionary experience from victim to survivor for adults and children who meet the requirements for participating in this innovative program. By helping program participants develop real world skills (paying bills, driving the kids to school and taking care of a house) while having The Shelter's support close at hand, we help reduce the risk of victims returning to their abusers. During this quarter, 6 adults and 11 children lived in the seven Transitional Housing cottages.

Economic Justice Program

Research reveals that economic dependency is the strongest predictor of a survivor's decision to remain, leave, or return to an abusive relationship. For this reason, The Shelter for Abused Women & Children is committed to providing economic empowerment services that aim to help survivors reach their financial goals.

This quarter, adult participants registering for service in Emergency Shelter, Naples Outreach, or Immokalee Outreach reviewed financial safety.

Partners for the Economic Empowerment program include: Allstate, CareerSource SWFL, Dress for Success SW Florida, Fresh Start, Iberia Bank, Goodwill Industries of SWFL Inc. – SWFL Micro Enterprise, Lorenzo Walker Technical College, Merrill Lynch, Morgan Stanley, Collier County Public Library, Collier County Public Schools, MicroGrants of SWFL, ProLiteracy.

C'MON

Through a partnership with the Golisano Children's Museum of Naples (C'MON), children from both our emergency shelter and Outreach programs enjoy interactive onsite programs hosted by C'MON. Additionally, families enjoyed free nights of play at the museum.

Primary Prevention

Hands Are for Helping

This program, delivered to elementary school children in Collier County, teaches non-violence and conflict-resolution skills to youngsters through interactive 'play' with a Shelter Advocate (blowing bubbles, playing instruments, etc.).

The "Hands" program curriculum focuses on the positive things children can do with their hands and how to stay safe with each child creating their own individualized safety plan and pledging to use his or her hands for helping.

This quarter, Shelter Advocates provided 111 "Hands" classes with 1,691 children pledging to use their hands for helping, not hitting.

L.E.G.I.T. (Love, Education to Guide and Inform Teens) – Teen Healthy Relationships

Designed to help teens identify the characteristics of healthy relationships in an effort to prevent dating violence, this program reaches out to middle and high school students in Collier County. A similar Healthy Relationships educational series is offered to adults of all ages. For more information, please call 239.775.3862.

Expect Respect

This interactive program helps middle and high school students to change social norms about dating relationships to help create a respectful environment.

This quarter, 5 Expect Respect presentations and 5 Teen Healthy Relationship presentations were held, reaching 226 students in Collier County.

Raising Gentle'men

This primary prevention initiative helps stop violence before it begins by offering boys and young men insight into their attitudes, beliefs and behaviors about what it means to be a 'man' in today's society.

Our Raising Gentle'men Advocate facilitated 12 events this quarter, reaching 258 attendees with the message of what it means to be a true gentle'man and how they can contribute to ending violence. The program continues to expand and staff offers services in new venues.

YAC

The Youth Advisory Council (YAC) is a group of Collier County youth between the ages of 12-20 focused on targeting and engaging their peers in social change to end dating violence. The group's mission is: To inspire social change by providing education, empowerment, advocacy and support to the community; to broaden and increase prevention of unhealthy relationships and break the cycle of violence. For the quarter, the YAC held 3 meetings.

DV Taskforce

The Task Force includes Children's Advocacy Center, Collier Clerk of Courts, Collier County EMS, Collier County Probation, Collier County School District, Collier County Sheriff's Office, The David Lawrence Center, The Department of Children & Families, Florida Gulf Coast School of Criminal Justice, Legal Aid Services, Marco Island Police Department, Collier County Sheriff's Office, Naples Community Hospital, Naples Police Department, North Naples Fire Department, Project Help, State Attorney's Office, NAACP, DCF, Pathways, Counseling of SWFL, NAACP, The Youth Advisory Council and The Shelter for Abused Women & Children. During the past quarter, the DV Taskforce met to continue to work toward ending domestic violence in Collier County.

Enhanced Service Programs

Intimate Violence Enhanced Services Team (InVEST)

Launched in the summer of 2009, The Intimate Violence Enhanced Services Team (InVEST) is a unique program designed to provide intensive service management and assistance to individuals identified to be in potentially lethal situations.

InVEST's unique model allows CCSO, Naples Police Department, Marco Island Police Department, Department of Children & Families (DCF), State Attorney's Office and The Shelter to work together to identify victims at high risk for domestic violence homicide and to enhance their possibility of receiving safety from further victimization. Together, we work with the survivor to share information, provide safety planning and possible aid in relocation. InVEST participants receive services and advocacy throughout civil and/or criminal processes until their situations become safe or they choose to exit the program. These services are provided free of charge. For the first quarter of the fiscal year, the InVEST Team reviewed 493 police reports, referring the individuals most at-risk for domestic violence homicide (murder by a current or former partner/spouse) to the program.

Legal Advocacy

The objective of The Shelter's legal advocacy is to support victims of domestic violence in matters directly related to domestic violence. This program provides support through an onsite IFP Attorney, and Shelter Advocates. These services enable us to empower Shelter families, promote self-sufficiency, and create a safer community by helping victims secure, modify and enforce protection orders, and handle immigration issues. During this quarter The Shelter's onsite IFP Attorney provided legal services to 56 new individuals.

Child Welfare Related Victim Services

An alliance with The Department of Children & Families, Camelot, Redlands Christian Migrant Association, The Shelter and other community partners, this initiative is designed to reduce the number of children being removed from the homes of survivors of domestic violence who are involved in child abuse investigations based on the family history of domestic abuse. The ultimate goal is to keep the child safe and together with the non-offending parent. The Shelter maintained a full-time, bi-lingual domestic violence Advocate co-located onsite at the Immokalee DCF office and a full-time domestic violence Advocate co-located onsite at the Naples DCF office.

The Shelter for Abused Women & Children is *leading the community to prevent, protect and prevail over domestic violence through advocacy, empowerment and social change*. To learn more about these pioneering programs and services, please call The Shelter at 239.775.3862/TTY 239.775.4265. For more information on supporting the life-transforming work of The Shelter, please call 239.775.3862, ext. 205.
