Carol Beauregard
OUTREACH VOLUNTEER 2020

Carol is an amazing volunteer and a wonderful asset to the Transitional Living (TL) program.

During the past two years, Carol has done a remarkable job of preparing the cottages for the new families. Every time she decorates a cottage, she transforms it into a beautiful place for them to call home. I love seeing the gratitude and surprise on their faces the moment they open the door. For many of them, a beautifully decorated home is something they could never have dreamed of having.

Carol is a dynamic person who is full of love. When she decorates, she thinks of everything, including the smallest detail to personalize the home just for them. There is so much to appreciate about her service. She makes dreams come true for families, many of whom have never had their own house, room or bed.

I want to give the most heartfelt thank you to Carol for giving so much love to our participants through her work. Her personal touch is evident in each cottage. She makes each house a brand new home.
